

		Workshops			Climate Action in Mobility Conference	FieldTrip
		Monday, 24 th September	Tuesday, 25 th September	Wednesday, 26 th September	Clean, Marketable, Smart - Enabling governments in transforming mobility.	Friday, 28 th September
08:30-09:00	Registration				Registration	
9:00-10:00	<p>Welcome by GIZ Speaker: Andre Eckermann (GIZ), Sophia M. Suender (GIZ)</p> <p>Country Presentations Speaker:</p> <ul style="list-style-type: none"> ✓ Wang Tie, Share Bike Experience in Beijing, China ✓ Eduardo Koffmann Jopia, NUMP Chile 	<p>Country Presentations Speaker:</p> <ul style="list-style-type: none"> ✓ Juan Antonio Espadas Sauri, SUMP, Mexico ✓ Lazarela Kalezic, Zooming into Eastern Europe: Looking through a cultural different Lens on SUMP, Bosnia-Herzegovina ✓ Chief Delgra, Mainstreaming the New Digital and the Conventional Sectors in the Philippine Public Transportation System, Philippines 	<p>Country Presentations Speaker:</p> <ul style="list-style-type: none"> ✓ Abdehamid Gannouni, Tunesia ✓ Eduardo Brenes, Ambitious Climate Action in the Transport Sector, Costa-Rica ✓ Luis Antonio Ibanez Guerrero, Advances in Vehicle Emission Limits and Urban Mobility in Peru 	<p>Opening and Keynote by BMU Jochen Renger, Head of Division Climate Change, Rural Development, Infrastructure (GIZ) Dr. Anita Breyer, Head of Directorate IG I, Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (BMU)</p> <p>Policy Brief Taking bold decisions for clean mobility Speaker: John Barry, Expert Thought Leader, former Head of Bus Network Development, Transport for London</p>	<p>Field-Trip in the City of Berlin via Public Transport</p> <p>Explore Berlin by walking, biking or by public transport and get to know its innovative sustainable transport solutions and approaches to change transport in the German capital.</p>	
10:00-10:30	Coffee Break	Coffee Break	Coffee Break	Coffee Break	Group Picture & Coffee Break	
10:30-12:30	<p>Parallel Workshops Beyond Mobility as a Service - The Age of Data in urban mobility (Part 1) Moderator: Melissa Cruz (GIZ), Patricia Mariano. (GIZ) Speaker: Arshia Gratiot (Third Space Auto), Viktor Peter (Blockchain Lab), Michel Arndt (POLIS), Alice Etropolszki (Door2Door) Focus: Learning about the technological and economic fundamentals of a new paradigm of urban mobility, such as Artificial Intelligence (AI), Internet of Things (IoT), distributed ledger technologies (DLT, e.g. Blockchain) and other data-fueled business concepts and technologies. The workshop will as well look into recommended actions (from policies to data usage to enforcement) how governments can promote and regulate new urban mobility in the age of data to increase the sustainability of current and upcoming mobility concepts.</p> <p>Participatory Urban Mobility Planning (Part 1) Workshop convened by MobiliseYourCity Moderator: Markus Delfs (MobiliseYourCity) Speaker: Susanne Boehler (Rupprecht Consult) Focus: As an introduction this session will provide participants an overview on Sustainable Urban Mobility Plans (SUMPs) and interfaces to National Urban Mobility Policies & Investment Programs (NUMPs).</p> 	<p>Parallel Workshops Digital data collection and Planning Tools - the potential of mobile apps Moderator: Michael Engelskirchen and Carolin Capone (GIZ) Speaker: Enrico Howe (Modalyzer), Yhonny Raich (WhereIsMyTransport) Focus: Participants will be introduced to selected tools for mobile app-based data collection for urban mobility planning. Applications will be discussed with respect to their potentials and limits based on case real world examples. Key Questions:</p> <ul style="list-style-type: none"> ✓ What to expect from apps for the urban mobility planning process (e.g. related to SUMPs /NUMPs)? ✓ At what stage to engage such new technologies? ✓ How to engage / procure the technologies? <p>Motivating People: How to organize mobility events Moderator: Markus Delfs (MobiliseYourCity) Speaker: Marcela Guerrero Casas (OpenStreets, Cape Town) Focus: This session focusses on mass mobilization of people through "events" to activate interest and political attention on the value of engaging in the mobility transformation. Key Questions:</p> 	<p>Parallel Workshops Kick-starting markets for E-mobility (Part 2)  Identifying viable options for policy makers Moderator: Frederik Strompen (GIZ) & Oliver Lah (Wuppertal Institute) Speaker: Stefan Baguette (Alexander Dennis), Zhang Haitao (Shenzhen Urban Transport Planning and Design Institute), Julia Grothe (COUP eScooter Sharing) Focus: Overview of electric bus programs, funding mechanisms and experiences.</p> <p>Make Transport matter in NDCs (Part 2) From paper to the streets – implementing climate targets Moderator: Daniel Bongardt & Urda Eichhorst Speaker: Martin Schmied (UBA) Focus: Success factors for implementing climate strategies</p>	<p>Panel Discussion Enabling governments: How to drive and shape the Mobility Transformation? Panelists:</p> <ul style="list-style-type: none"> ✓ John Barry, Transport for London ✓ Kathrin Brost, DHL Global Forwarding ✓ Christian Hochfeld, Agora Verkehrswende ✓ Martin B. Delgra, III, Land Transportation Franchising and Regulatory Board Philippines ✓ Sofia Salek de Braun, PTV Group <p>Country Flashlights Key Actions on Smart, Marketable and Clean Mobility Solutions Country Experience</p> <ul style="list-style-type: none"> ✓ Boris Palacios, Minister of Transportation, Ecuador <p>Smart, Marketable, Clean – And climate-friendly? A discussion with:</p> <ul style="list-style-type: none"> ✓ Mr. Eduardo Brenes, Vice-Minister of Transport, Costa-Rica ✓ Mr. Ahmad Yani, Head of Multimodal Transport, Ministry of Transport, Indonesia 	<p>Take part in one of three sustainable groups:</p> <ol style="list-style-type: none"> 1. "Integrated Mobility Solutions" with Antje Merschel (guided walking and public transport tour) 2. "Berlin's Sharing Mobility" with Jonas Bleckmann (bike tour on Nextbikes) 3. "Smart Mobility and Planning" with Oliver Lah (guided walking and public transport tour) 	

	<p>Key Questions:</p> <ul style="list-style-type: none"> ✓ How to structure a SUMP process? ✓ How SUMPs may be embedded in national level policies and programs (NUMPs)? ✓ When to foresee and how to use participatory elements as a national or city administration? 	<ul style="list-style-type: none"> ✓ How to get the mobility topic out of the meeting room onto the street? ✓ Which organizational necessities to consider? ✓ How to make stakeholder management effective? ✓ What is the role of government? 			
12:30-14:00	Lunch	Lunch	Lunch	Lunch	13:30 – 15:00:
14:00-17:30	<p>Parallel Workshops</p> <p>Beyond Mobility as a Service - The Age of Data in urban mobility (Part 2) Speaker: Arshia Gratiot (Third Space Auto), Viktor Peter (Blockchain Lab), Michel Arndt (POLIS), Alice Etropolszki (Door2Door) Focus: Introduction of recommended government actions to ensure the sustainability of the current digital transformation of the urban mobility regime. This touches on policies and other government interventions regarding (open) data, ride sharing services, autonomous vehicles or sector coupling.</p> <p>Participatory Urban Mobility Planning (Part 2) Speaker: Susanne Boehler (Rupprecht Consult) Focus: This session looks into the sub-topic of participation, namely the objectives, benefits and approaches of an early engagement of civil society and private sector in the planning process. The workshop will close with a session dedicated to group work. It will showcase how participation in the planning process can be fostered practically both at national and city level.</p> <p>Key Questions:</p> <ul style="list-style-type: none"> ✓ What is meant with participation? ✓ Why to consider participation? ✓ How to do it? 	<p>Parallel Workshops</p> <p>Kick-starting markets for E-mobility - Identifying viable options for policy makers (Part 1) Moderator: Frederik Strompen (GIZ) & Oliver Lah (Wuppertal Institute) Speaker: Sandra Wappelhorst (The ICCT), Antonella Tambasco (Ministry of Industry, Energy and Mining Uruguay), Rayner Garcia Villalobos (Costa Rican Institute of Electricity), Axel Kaltwasser (BMW), David Rubia (UN Environment), Dr. Martin Eshiwani (Ministry of Transport and Infrastructure Kenya), Santosh Kondukula (Wuppertal Institute) Focus: The workshop will focus on existing and evolving solutions for a climate-friendly introduction of electric-mobility, with a specific focus on solutions applicable to developing and emerging economies. Business models for electric-buses, charging infrastructure and electric 2/3 wheelers will be considered and applicability for developing and emerging economies assessed.</p> <p>Make Transport matter in NDCs (Part 1) Moderator: Daniel Bongardt (GIZ), Urda Eichhorst (GIZ) Speaker: Ruth Blanck (Öko Institut) Focus: Understanding how to design ambitious yet achievable climate strategies in the transport sector, including steps towards implementation of climate actions – and link them to their NDCs and long-term decarbonization targets. Discussion of the hypothesis that sectoral climate targets are an effective vehicle for ambitious climate action in the sector, to ensure target achievement and to help accessing climate finance. Robust transport data are a prerequisite for designing suitable targets and efficient transport systems.</p> <p>Key elements:</p> <ul style="list-style-type: none"> ✓ Introduction to Transport in NDCs ✓ Success factors for robust sectoral mitigation targets and measures ✓ Scenario development – How to develop an ambitious but acceptable strategy 	Free Afternoon	<p>Wakeup call Having a look at the Global Status Quo – Where is the Transition? Speaker: Holger Dalkmann, Interim Secretary General at Partnership on Sustainable, Low Carbon Transport (Slocat)</p> <p>Parallel Side Sessions</p> <ol style="list-style-type: none"> Towards Clean Vehicles: The Future of Internal Combustion Engines Moderator: Oliver Lah (WuppertalInstitut) Speaker: David Rubia (UN Environment); Maurizio Maggiore (European Commission); Anders Berger (Volvo Group); Simmi Sashi (Kochi, India); Eveline Prado Trevisan (Belo Horizonte, Brazil) Sustainable Logistics: Governing the transition in cities and beyond Moderator: Sunny Kodukula (WuppertalInstitut) Speaker: Alan McKinnon (KLU), Himanshu Raj (ICLEI), Björn Hannappel, (Deutsche Post DHL Group) Global Innovation in Transport: Active policy making or laissez-faire? Moderator: Christian Mettke (GIZ), Melissa Cruz (GIZ) Speaker: Alexander Jung (Agora Verkehrswende); Sebastian Ibold (GIZ China); Dr. Sandra Wappelhorst (ICCT); Ana-Maria Tonita (Door2Door) <p>Reporting Back and Closing Interviews Transforming Transport is Tough - How to make it happen anyway! Moderators: Wolfgang Aichinger and Insa Illgen (GIZ)</p> <p>App based Match-Making From Expert to Expert - Connect with Change Makers During this session, you have the chance to meet exactly the right person for your questions: An app will match you with transport experts on place. You are free to choose contacts from categories or match and meet freely with all participants at place.</p>	<p>Farewell Lunch in the Berliner Bundestag</p> <p>Don't miss the farewell in a very special atmosphere together with all participants of the Transport and Climate Change Week in the restaurant on top of the German Bundestag!</p>
17:30	End	End	End 14:00	End	End 15:00

Transport and Climate Change Week

24 - 28 September 2018

On behalf of:

of the Federal Republic of Germany

Side Programm	Guided Tour of the German Bundestag Optionally, we offer a guided tour through the famous building of the German Federal Parliament at 8pm, for those who are interested.			All Day Expert Fair The following companies, institutions, think-tanks and start-ups will be present with stands all day at the side of the conference: DB Consult; PTV Group; where is my transport; MobiliseYourCity Partnership (MYC); Transformative Urban Mobility Initiative (TUMI); Wuppertal Institute, NOW GmbH, Motion Tag.
